

CERTREC ACADEMY

An Innovative Approach to Learning

Security Training Objectives

Part 1: Fundamental principles of nuclear power plant security

Part 2: Elements of nuclear power plant security, including access authorization and fitness-for-duty requirements

Part 3: NRC's regulation requirements for security

Part 4: Impact of 9/11 attacks on security regulations

Contact us for pricing

Certrec Academy training eclipses the current "death by Power Point" training model by engaging the learner with videos, slides, thought provoking Q & A, links to references, and mentorship.

*The courses are similar to online college coursework in the level of their content,
but they take a fraction of the time to complete.
